

UNABLE TO BE TREATED BY DR. FRIEDMANN, SICK MAN SHOTS HIMSELF

Consumptive Goes Home
From Bellevue Clinic to
Attempt Suicide.

Failing after many attempts to secure treatment by Dr. Friedrich Franz Friedmann, discoverer of the tubercle bacillus, Nicholas Tagnan, thirty-one years old, this afternoon attempted to kill himself with a revolver. He was taken to the Lebanon Hospital in a dying condition. There the surgeons said there is small hope he will recover.

Tagnan is a tailor living with his wife and a young daughter at No. 243 Walker avenue, the Bronx. About a year ago he was stricken with consumption. He grew steadily weaker, but when he heard of the arrival of Dr. Friedmann in New York, bringing with him the serum which the Berlin surgeon claims to be the conqueror of tuberculosis, Tagnan made every effort to see the celebrated doctor.

He haunted every clinic held by Friedmann, but never was selected as a subject of inoculation. To-day he went again to the clinic held by the surgeon at Bellevue Hospital. Again he failed and, utterly discouraged, returned to his home. He had been in the house but a short time, when, while his wife and daughter were absent, he sent a bullet into his temple.

SIX LITTLE TUMULTYS IN EGG-ROLLING CROWD ON WHITE HOUSE LAWN

Family of President's Secretary Out in Force at Easter
Romps—Wilson Looks On.

WASHINGTON, March 24.—To-day was egg rolling day at the White House, the first under a Democratic Administration in sixteen years. From early morning, when the gates at the south front of the White House were opened, until late in the afternoon there was a pilgrimage of little folks in Easter attire to the lawn of the Executive Mansion. With little baskets trimly decorated in ribbon and color, the children romped the morning of the White House while hundreds of elders looked on, including President Wilson and members of his family.

Secretary Tumulty, whose interest in children is most enthusiastic, could hardly keep at work at his desk. He was tempted frequently to go out on the lawn among the children and from the windows of his office he watched the scene with unceasing joy. Mr. Tumulty has six children, ranging from four months to nine years, two boys and four girls, and they were all there.

"They got up at 7 o'clock to get ready," exclaimed the Secretary, "and they have been decorating their eggs for the last two days."

Only children and adults escorted by the younger visitors were admitted to the lawn. The usual devices for gaining entrance were to be observed, many an elder appealing to the urinals about the street "to take them in" the White House grounds.

DR. IRA VAN GEISEN IS DEAD; WAS NOTED PATHOLOGIST.

Physician Well Known in East Expires in Bellevue Hospital; to Hold Autopsy.

Dr. Ira Van Geisen, forty-seven years old, of No. 23 West Ninth street, one of the foremost pathologists in the East, died in Bellevue Hospital, this afternoon, of chronic heart and kidney trouble.

Dr. Van Geisen was recognized as one of the foremost authorities on neuropathology in the East. He was a graduate of the College of Physicians and Surgeons. After extensive study abroad, he became head of the laboratories of the City Hospital on Blackwell's Island. In 1904, he became head of the pathological department of the State Department for the Insane, on Ward's Island. For several years he had engaged in private practice.

An autopsy will be held on the body of Dr. Van Geisen in the Bellevue Morgue to-morrow. The reason for holding the autopsy could not be learned.

SAY FISTS KILLED WIFE.

Hayes Often Threatened Murder, Witnesses Testify.

After introducing evidence that Edward J. Hayes, accused of beating his wife to death with his fists, had twice when she was ill threatened to throw her out of a window, the prosecution in the trial of Hayes before Judge Carey in Jersey City closed this afternoon and the defense began.

Two sisters of the dead woman, who was found, bruised and battered, lying behind a barn in the rear of her husband's saloon Feb. 17, took the stand and swore they had heard Hayes threaten his wife, Michael Hines, brother of Mrs. Hayes, testified that Hayes had brandished a knife over her while intoxicated.

The defense attempted to prove that Mrs. Hayes was subject to many diseases, had frequent fainting spells, had epilepsy and was killed.

You Should Enjoy Your Meals

One of the Most Important Questions
to Consider in the Search for
Happiness and Health.

If your stomach cannot digest your food, what will? Where's the relief? The answer is in Stuart's Dyspepsia Tablets, because, as all stomach troubles arise from indigestion and because one ingredient of Stuart's Tablets is able to thoroughly and completely digest 3,000 grains of food, doesn't it stand to reason that these tablets are going to digest all the food and whatever food you put into your stomach?

Science nowadays can digest food without having it enter the stomach at all. All Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest, and digest thoroughly and well, anything and everything you eat.

The burning question to you is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual, whose actions will reflect your condition inside, and people will naturally avoid you.

So, if your stomach refuses to work or can't work, or you suffer from eructations, bloating, brash, fermentation, biliousness, sour stomach, heartburn, irritation, indigestion or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, what you want, whenever you want, and the whole world will face with a beaming eye and you will have a cheerful spirit, a pleasant face, a vigorous body and a clear mind and memory and everything will look and taste delicious to you. That's life.
